Thanks to the support from Kicking Horse Country,  
we were able to present SUMMER KICKS  
for its 15th consecutive season!

Fulfilling a long-held community dream, the Art Gallery of Golden was established in 2007 to present a true reflection of our western mountain culture ... direct from the artist's studio to our community and tourists.

Due to Covid, the Art Gallery of Golden closed down on Monday March 16, 2020. After months of planning and implementing appropriate Covid responses, we opened our doors again to the public on Monday July 13.

# **Kick Yourself** **LIVE KICKS** **IN THE GREAT HALL OF THE GOLDEN CIVIC CENTRE**

**One of the biggest Covid hits to our 20/21 programming was taken by LiveKicks. When Covid hit in March 2020, a full season of 12 concerts was already booked for October '20 through April '21.**

**Shows and tours were cancelled overnight and as realities evolved no one really knew when and how it would be safe for artists and audiences to come back into the hall.**

**By the time we got to September '20, we were given permission to present shows with an audience limited to 50. Presenters switched to hosting two one-hour concerts in an evening.**

**Given these limitations the previously booked tours were not economically viable. Cobbling together a mix of local and BC artists we were able to put together a 5 show line-up to take us from October through to December.**

“Dissolve does an amazing job of highlighting the prevalence of rape culture in our society, and does so in a way that is moving yet easy to process. The show is funny, entertaining, heart wrenching, poignant, and important.

“Partnering with KHC to bring a performance to Golden was a new and wonderful way for our organization to interact with the community, to raise awareness, and to start a conversation. We worked with the high school so that all students in grade 12 could watch it during the day.

*Linley McLean,  
Golden Women's Resource Centre*

“We also had 60 screens logged in for a second performance that evening with a wide variety of people tuned in: service providers that work with youth, young adults, parents of young adults, families, bar managers, and more! I received the following message the next day from one of our members: “Kudos to Kicking Horse Culture and The Golden Women's Centre for bringing this here to my house. We have three generations here watching and it will make for good discussion.”

The very low screening response numbers supplied to us by BMFF confirmed that there was not much interest in the Golden area to pay for online screenings.

One take-away from these low results confirmed a hunch that the big community social gathering in the Rec Plex is as much of a draw as the films themselves.

We knew that it would not be safe to bring 1,000 people into Spirit Square to watch the return of Snow King & Lady Spring to the valley.

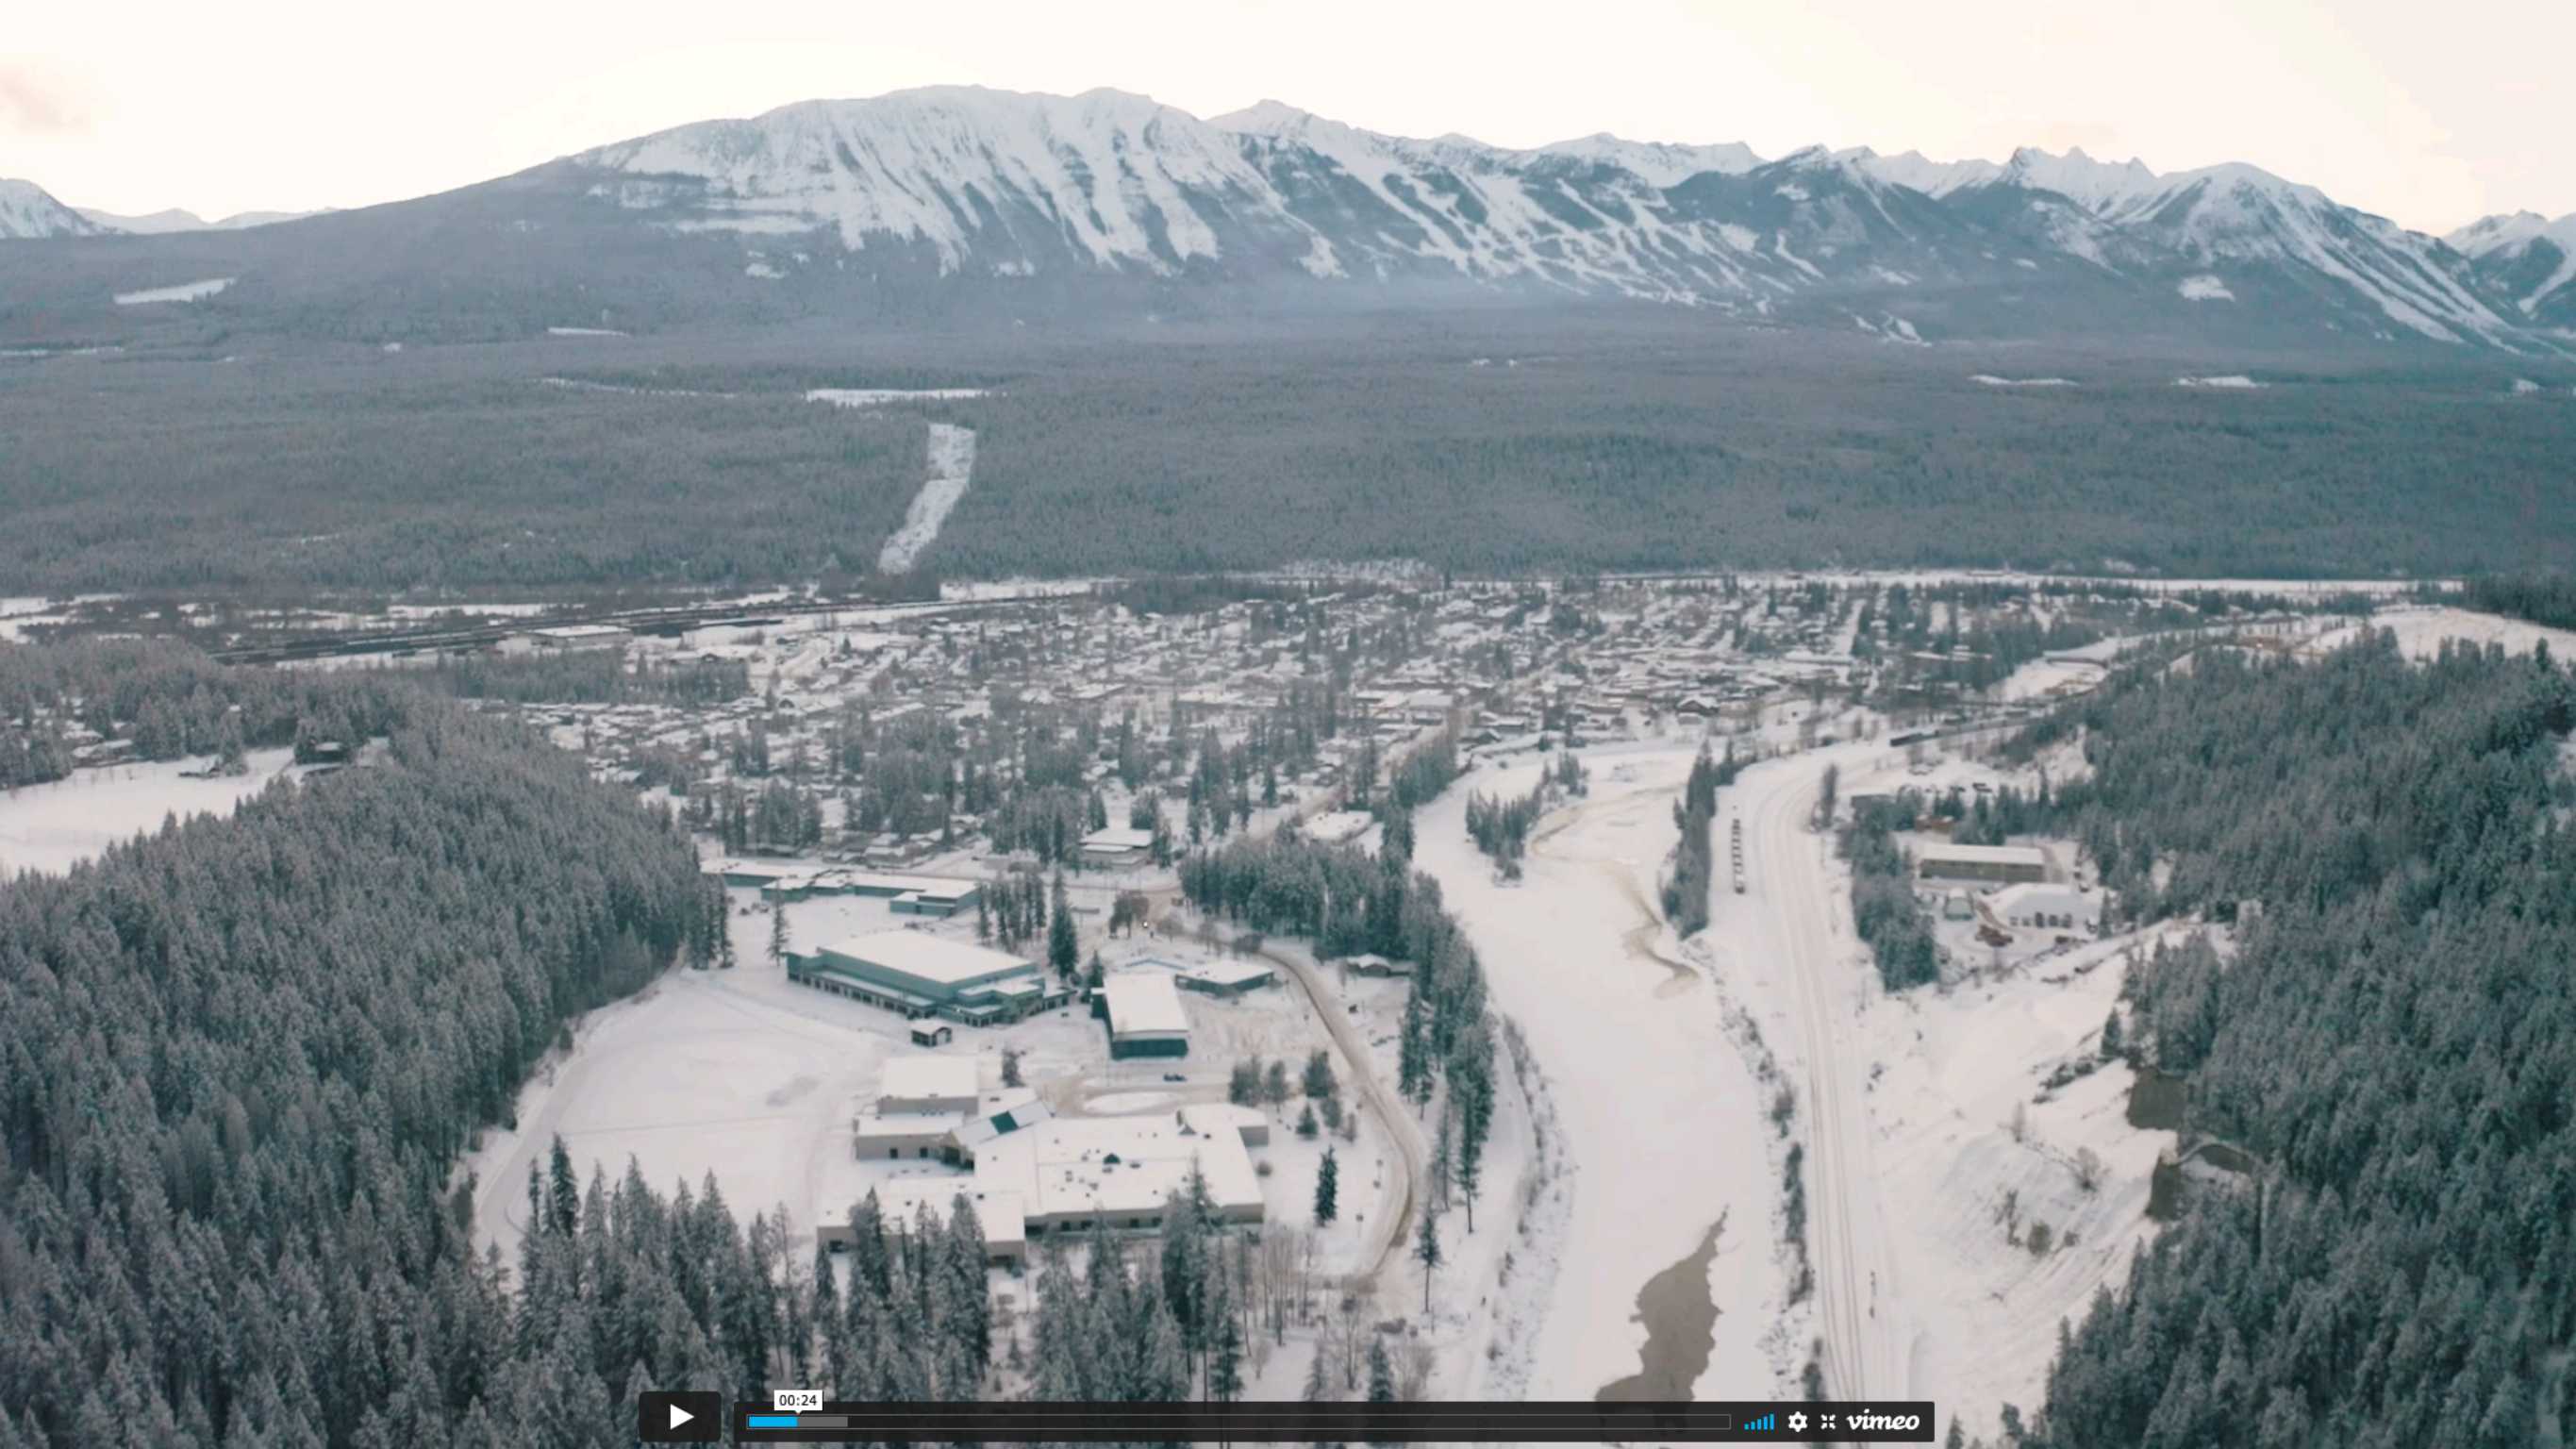

Nor would it be safe for all 'the wild & silly creatures of the valley' to come together in the hundreds to present the Pageant on MasqueParade night.

But, we knew that the people of the valley would be so disappointed if Snow King & Lady Spring did not come back to the valley this winter.

So we asked film maker Elora Braden to take her camera to where the 'wild & silly people' gather ... film them in their natural habitat ... and show them off to the community of Golden.

# MasqueParade

Every February, all the wild and silly creatures of the valley gather together in Spirit Square to celebrate the return of the Snow King and Lady Spring to the valley.

The MasqueParade hearkens back to a time when neighbours joined together to make their own entertainment and bring meaning to their lives through celebration.

This is grassroots activity showcasing a wide range of hands-on artistic activities and attracting the widest possible audience – the whole community! Over a period of weeks, professional and community-based artists work in collaboration with folks in the community – both young and old and everyone in between – to create a large-scale outdoor 'pageant' performed with more than 1000 folks in Golden's Spirit Square. Together, we make low tech magic.

We know you want to see how this fairy tale ends so please visit us on our website [kickinghorseculture.ca](http://kickinghorseculture.ca) or find us on FaceBook.

The Golden District Arts Council was founded on October 21, 1970. We had some plans in the works to celebrate this 50th Anniversary season in 2020 but, we've had to put them hold for now. Once the community is able to gather again in our usual ways, we'll celebrate in style then!

**Thank you to all our volunteers, supporters,  
participants, and audiences!**
